Head Bull Man missing on Tier 2 Cell 245.

Captain Dufresne.

Head Bull Get your ass out here, boy. You're holding up the show.

Head Bull Don't make me come down there. I'll thump your skull for you.

Head Bull Damn it, Dufresne, you're putting me behind! I got a schedule to keep. You'd better be sick or dead in there, I shit you not! You hear me?

Head Bull Oh my holy God.

1:20 ~ 1:30

Warden I want every man on this block questioned.

Warden Start with that friend of his.

Captain Who?

Warden Him!

Captain Open 237 (two three seven).

1:33 ~ 2:19

Warden What do you mean, he just wasn't here? Don't say that to me, Haig. Don't say that to me again.

Head Bull But, sir, he wasn't.

Warden I can see that, Haig! You think I'm blind? Is that what you're saying? Am I blind, Haig?

Head Bull No, sir.

Warden What about you? Are you blind? Tell me what this is.

Captain Last night's count.

Warden (Mm-hmm) You see Dufresne's name there? I sure do. See? Right here. Dufresne.

Warden He was in his cell at lights out. It stands to reason he'd still be here in the morning.

Warden I want him found. Not tomorrow, not after breakfast. Now!

Head Bull Yes, sir!

Head Bull Let's go, let's go! Move your butts! Move it!

2:22 ~ 3:22

Captain Stand.

Warden Well?

Red Well, what?

Warden I see you two all the time. You're thick as thieves, you are.

Warden He must have said something.

Red No, sir, Warden. Not a word.

Warden Lord, it's a miracle!

Warden A man up and vanished like a fart in the wind. Nothing left but... some damn rocks on a windowsill. And that cupcake on the wall. Let's ask her. Maybe she knows. What say there, Fuzzy Britches? Feel like talking? Ah.. I guess not. Why should she be any different? This is a conspiracy. That's what this is. One big... damn conspiracy! And everyone's in on it! Including her!

Red(Narrative) In 1966, Andy Dufresne escaped from Shawshank Prison.

Red(Narrative) All they found of him was a muddy set of prison clothes, a bar soap, and an old rock hammer damn near worn down to the nub.

Red(Narrative) I remember thinking it would take a man 600 years to tunnel the wall with it.

Red(Narrative) Only Andy did it in less than 20.
